Dear Drs. Lajtha and Abood:

I am pleased to report that at its September 21st, meeting the Conference Committee voted to grant Approval in Principle to your Conference entitled "Functional Diversity of Interacting Receptors" scheduled for May 25-28, 1994 at the Hyatt Regency Washington Capitol Hill.

The Conference Committee appreciated your presence to discuss the program and learned a great deal from his presentation. Please discuss any other suggestions made at the meeting with Dr. Simon.

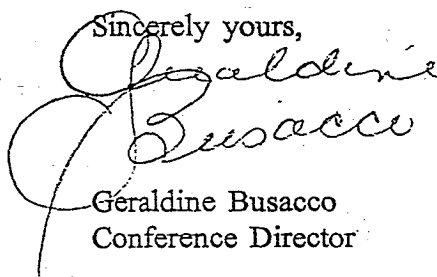

At this time, you should seek to confirm those speakers who have not yet replied by sending their forms to the Conference Department. Should you wish to substitute or add a new speaker for any unable to attend, please be certain to alert the new invitee's of the manuscript requirements. After the program is off-press, my office will communicate all Manuscript/Abstract/Hotel Information to the speakers.

The estimated total budget for the conference is \$98,325 of which \$66,325 is direct cost, ie travel/per diem, printing, promotion. The grant application to NIH is pending and to date we have received \$53,500 in industry funding. It is important that you contact Ms. Lynn Serra, Development Manager, regarding industry funding to cover all direct costs.

Please also note that a recent policy decision requires that all volumes of the Annals include an opening overview article whether or not the overview is included in the oral presentations at the conference. Bill Boland, Executive Editor for the Annals, will contact you about the publication.

Thank you for all of the work you have done on the conference. We look forward to a most successful meeting.

Sincerely yours,
